

## TRESCAL QUALITY, HEALTH, SAFETY, & ENVIRONMENTAL (QHSE) CHARTER

At Trescal, we are dedicated to providing reliable and accurate calibration services while prioritizing the health, safety, and environmental protection of our employees, clients, and the communities in which we operate. This Quality, Health, Safety, and Environment (QHSE) Charter outlines our commitment to maintaining the highest standards in QHSE performance in alignment with ISO 17025:2017 and ISO 9001:2015 requirements.

### Quality Management

- **Excellence in Calibration Services:** We are committed to delivering calibration services that meet or exceed client expectations. We will follow ISO 17025:2017 guidelines to ensure the accuracy, precision, and reliability of our calibration processes.
- **Continuous Improvement:** We will continuously review and enhance our calibration processes and management systems to optimize efficiency and accuracy in our services.
- **Client Focus:** Client satisfaction is integral to our success. We will actively seek client feedback and promptly address any concerns or suggestions to improve our services.

### Health, Safety, and Environment

- **Employee Safety:** We prioritize the safety and well-being of our employees. We will maintain a safe working environment by identifying and mitigating hazards, providing proper training, and promoting a safety-first culture.
- **Client Safety:** We are committed to providing safe calibration services to our clients. We will adhere to all relevant safety regulations, protocols, and requirements and communicate any potential risks to clients.
- **Environmental Responsibility:** We recognize the importance of environmental protection. We will comply with applicable environmental laws, minimize our environmental footprint, and promote sustainability in our operations.

### Compliance

- **ISO Compliance:** We will adhere to the requirements of ISO 17025:2017 and ISO 9001:2015 in all aspects of our calibration services, where applicable. This includes maintaining necessary accreditations and certifications.
- **Legal Compliance:** We will comply with all applicable laws, regulations, and industry standards related to QHSE and calibration services.

### Leadership and Accountability

- **Leadership Commitment:** Top management will lead by example, demonstrating a strong commitment to QHSE principles and fostering a positive safety culture across the organization.
- **Employee Accountability:** Every employee will be responsible and accountable for adhering to QHSE policies, procedures, and guidelines.

As a Trescal employee, it is our shared responsibility to uphold the principles outlined in this QHSE Charter. Together, we will ensure the safety, accuracy, and quality of our calibration services while preserving the well-being of our employees and the environment.

**Mark van Horck**

President, Trescal U.S.
